The American 1 Convention Center Is Coming!

American 1 Credit Union is proud to announce the construction of a new convention center whose future location will be at the Jackson County Fairgrounds. The American 1 Convention Center will be a completely new structure that will be complimentary to the existing American 1 Event Center.

The convention center is part of a greater plan created by Jackson County officials. Construction of the American 1

Convention Center is slated to begin in 2017. The new building will be located on the southeastern side of the fairground property, along Ganson Street and the Grand River.

The new building will feature a large expo space that can be sectioned off for smaller events. Additional rooms will be able to accommodate conferences with multiple sessions. The facility will also include a full kitchen for catering

services. It will be the largest, purpose-built convention space available in Jackson County.
