New Online Banking Features

A new version of home banking will be launching early this summer and we are very excited to share some of the great new features our members can expect to see.

We are happy to introduce this new platform because it will provide a better online banking experience. With the upgrades and great new changes coming, home banking will be much easier and user friendly for everyone.

We will also be introducing a new mobile app in the fall to round out our online banking experience for the year.

New Features

- Ability to view pending card transactions
- Self-service enrollment process
- Self-service password reset
- Improved security for your protection
- Search features in transaction history area
- And so much more!
